

FunYaks

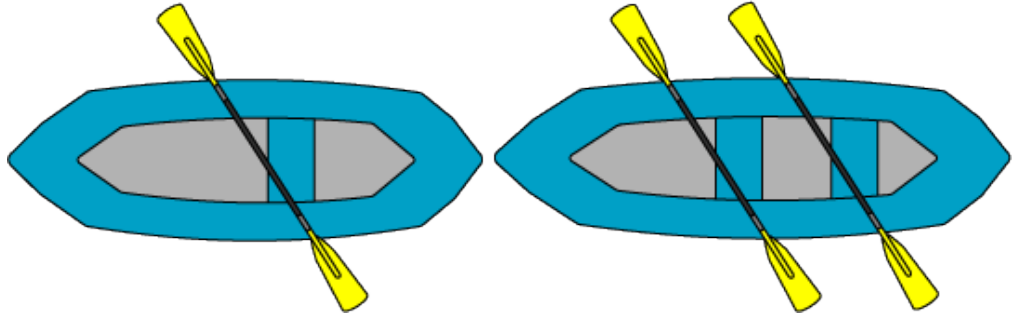

Lynx, AIRE, & AIRE IK Force

These specialized, streamlined funyaks take the inflatable kayak experience to an all-new level. Fast and highly maneuverable, these boats come equipped with thighstraps for extra control. Ideal for the tight, technical sections of the Summer Gauley and our Rapid Funyaks program. ACE guides lead the way, providing instruction throughout the day. One-of-a-kind experience!

Upper New Duckies

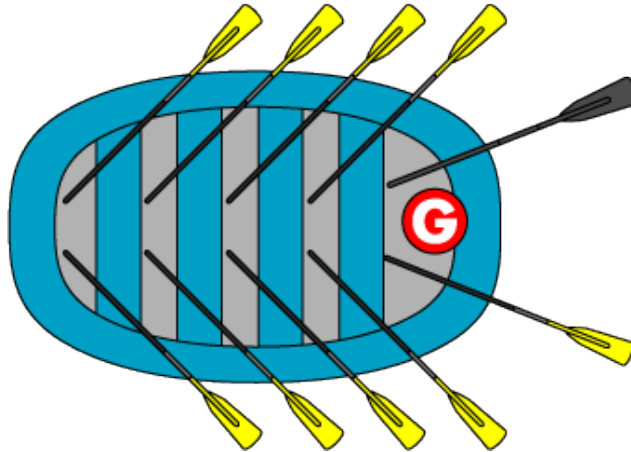

A cross between an inflatable kayak and canoe, duckies are extra stable, carry 1-2 people depending on size, and are loads of fun! Paddle under your own power and add spice to any Upper New trip.

Industry Standard 16' Raft

"Traditional Trip"

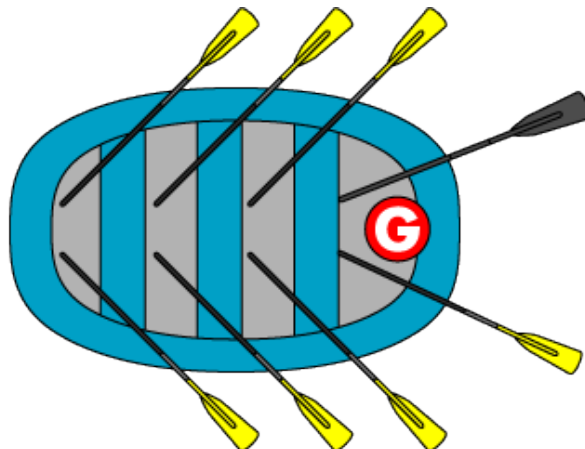

The logical combination of extra safety and value, these 16-foot rafts carry 9-10 guests plus a guide. This larger boat size lends stability, helps minimize risk, and moderates the ride.

High Adventure 14' Raft

"Premier Trip"

Turn up the volume. If teamwork and maximum action are priorities, then choose our light and maneuverable, 14-foot raft. Seating 6-7 guests comfortably plus the guide, all paddle to enjoy first-hand ACE's most popular format. Pioneered by ACE on the New and Gauley rivers.

Maximum Thrill 12' Raft

"Team Extreme Trip"

Take an active part in the philosophy, "the smaller the raft the wilder the ride." Go big in our specially designed, 12-foot raft, seating 4-5 guests plus the guide. Strong swimming skills, experience in high-siding, and bracing are recommended.
